Teaching plan - PhD programme in Psychology, Linguistics and Cognitive Neuroscience

38°Cycle   a.y. 2022/2023

Course	SSD	hrs	credits	Educational form*	Type of activity**	Mandatory/Choosen activity	
Software for experiments: E-Prime/open Sesame	M/PSI-01	24	3	lecture+lab	cross-curricular	chosen	
Statistics: R	M/PSI-03	**24**	**3**	**lectures+lab with final exam**	**cross-curricular**	**mandatory**	
Statistical methods	M/PSI-03	**24**	**3**	**lectures+lab with final exam**	**cross-curricular**	**mandatory**	
Matlab	M/PSI-02	24	3	Lab	cross-curricular	chosen	
Inquisit, Qualtrics & SONA System	M/PSI-03	8	1	lecture+lab	cross-curricular	chosen	
Understand the Mobile UX Design Process	M/PSI-05; M/PSI-01	8	1	lecture	cross-curricular	chosen	
Seminars: Coursera (1 course)		8	1	seminars/lectures	cross-curricular	chosen	
Surfing the academic job market: how to publish in high impact international journals	M/PSI-05	**8**	**1**	**lecture**	**interdisciplinary**	**mandatory (from PhD School)**	
Seminars: Departmental talks MIBTEC BICAPP Linguistics Methodological		8	1	Seminar		chosen	**each seminar counts for 1 hr**
Seminars: Departmental talks, MIBTEC BICAPP, Linguistics Methodological, etc.		**8**	**1**	**Seminar**		**mandatory**	**each seminar counts for 1 hr**
Research Day		**8**	**1**	**Seminar**		**mandatory**	
Open Science	M/PSI-01; M/PSI-03	**8**	**1**	**lecture**	**cross-curricular**	**mandatory**	February
Mandatory hrs/credits		**80**	**10**				
Total hrs/credits		**160**	**20**				

Educational form*   According to the rules of the Doctorate School, at least 8 CFU are mandatory for each PhD programme, of which 2

lecture
laboratory training
seminar

Type of activity**
curricular
cross-curricular

(mandatory minimum) to 4 CFU must be on interdisciplinary courses offered by the PhD school. These course are listed in the School's website.

The PhD programme in Psychology, Linguistics and Cognitive Neuroscience requires 18 CFU, including the interdisciplinary courses. Of these, 10 CFU are related to mandatory activities, and 8 CFU to chosen activities. It is highly recommended that at least 2/3 of the CFU are achieved in the first year. It is recommended that PhD students consider all offered courses and activities as important opportunities to learn and therefore aim at following as many as they can, over and above the required amount.
