REPLY CYBER SECURITY CHALLENGE
CAPTURE THE FLAG EDITION

Hi there,

It's **REPLY** here, the digital consulting company. Do you know us?

We're a global IT firm and we love challenges. That's why we created *challenges.reply.com*. It's a platform where people can test their skills and knowledge in global online competitions.

And on **14th October**, our **Cyber Security Challenge: Capture the Flag edition** – open to students worldwide – returns. Can you help us promote it?

We've provided you with a kit full of freebies and gadgets to help you spread the word. Either you requested the kit or we sent it to you because we think it might be of interest to you.

If we've made a mistake, sorry! But if we're right, please wear the t-shirt and do what you can to promote this worldwide cyber security competition.

Thanks in advance!
Best,
Reply Challenges Team

WHAT IS THE REPLY CYBER SECURITY CHALLENGE?

The Cyber Security Challenge: Capture the Flag edition is an online team-based competition focused on security. It's for students aged 16+ and lasts for 24 hours. Each team has to solve 25 puzzles of increasing difficulty across five categories; **coding, web, miscellaneous, binary and crypto.**

To take part in the challenge, students need a PC to connect to the **challenges.reply.com** platform, and be part of a team of 2 - 4 people.
WHO CAN TAKE PART?

Students aged 16 or over. They'll have to register online as individuals, as it's a student competition, not a class or school one.

WHEN & WHERE?

- **From 5th September** — register online and form a team.
- **From 5th September** — prepare and train for the Challenge in our "Training" area on challenges.reply.com.
- **On 14th October** — play from 19:30 CEST to 19:30 CEST the next day.

THE PRIZE?

Members of the winning team will each receive a **Gaming Laptop,** the second team will each receive a pair of **Beats Studio 3**, and the third team will each receive a **Razer gaming keyboard.**

THERE'S ALSO A UNIVERSITY STUDENTS' LEAGUE WITH ITS OWN LEADERBOARD

While registering, students can tell us the name of their university, **earn points, and climb the University Students' Leaderboard** to win a cool **Reply Arcade Game** for their university's communal area. Or they can choose to receive a financial donation to support an educational or research project.
