<b>Progetto di ricerca/ Research project</b>	<i>"The interaction between the International and European legal systems and national legal orders: Theoretical and practical approaches"</i> <b>GIURI.1</b>
<b>Tipo/Type</b>	Borsa dipartimentale / Department scholarship
<b>Borse/Scholarships</b>	1
<b>Abstract</b>	<b>ENG</b> The projects to be taken into consideration will have to deal with the relations between the international legal system, the European Union legal system and national legal systems considered in the totality of their interactions or in their bilateral relations. From a methodological point of view, they may concern both positive law and more theoretical approaches linked to the philosophy of law. From a substantive point of view, each material and institutional regulatory field may be the object of analysis within the suggested perspective
