Master's Degree in
**Artificial Intelligence
for Science and Technology**

ADMISSION AND ENROLMENT INFORMATION

<https://en.unimib.it/graduate/artificial-intelligence>

ADMISSION TO THE COURSE

The administrative headquarters of the Interuniversity Master's Degree in Artificial Intelligence for Science and Technology **is the University of Milano-Bicocca.**

The programme is **open access** with a reserved quota of **30 available places for non-EU students with residency abroad.**

Students holding a **Bachelor's degree** in a related scientific area (Informatics, Information processing systems, Telecommunications, Statistics, Mathematics and Physics) and with **English language proficiency** at or above a **B2 level**, are eligible to attend the course.

DOCUMENTS REQUIRED

1. **University degree**
2. **Final original certificate of secondary school studies**
3. **Transcript of records**, awarded by the University, detailing exams passed and Marks
4. **Statement of Comparability** issued by CIMEA. As an alternative, students can submit the **Diploma Supplement** issued by the University, or in alternative the **Declaration of Value** issued by the relevant Italian Embassy or Consulate.
5. If available a **detailed program (Syllabus)** for each course.

Translation of all documents in Italian or in English (only if issued in a different language from Italian, English, Spanish or French) is required.

DOCUMENTS REQUIRED – English proficiency

Candidates can present:

- a **language certificate** equivalent to level B2 issued by a recognized certifying Body (for the full list see the call for application), or
- a **declaration of the University of origin**, certifying that the achieved degree program is entirely or almost entirely taught in English.

if you do not have a B2 level certificate, please **contact our Universities** and schedule a test within the deadline for applications.
