ADMISSION TO THE MASTER'S DEGREE PROGRAMME IN ECONOMICS AND TECHNOLOGIES FOR SUSTAINABILITY
- F7603Q
A.Y. 2025-2026

1. Introduction

Degree programme language: English
Open access with entry requirements examination

PLEASE NOTE:

The degree programme is currently subject to the accreditation procedure according to M.D. 1154/2021 "Autovalutazione, valutazione, accreditamento iniziale e periodico delle sedi e dei corsi di studio".
If the Ministry of Education, University and Research has not yet granted the licence for the activation of the Master's Degree Programme as a result of the accreditation procedure by the enrolment deadlines, the University will duly notify candidates of the new enrolment deadlines.
The announcement will eventually be made by a specific notice on the Programme's page of the University website.

Extra-EU citizens requiring a student visa and other candidates with foreign qualifications, whether EU, equivalent, or extra-EU legally residing in Italy, must apply exclusively via https://apply.unimib.it/.

Students wishing to enrol in the Master's degree programme **by transfer from another master's degree programme at this University or transfer from another University** must still apply for career evaluation and may only enrol if admitted.

2. Entry requirements and assessment of background knowledge

Admission to the Master's degree programme in Economics and Technologies for Sustainability (LM-76) is subject to the possession of specific curricular requirements and to the adequacy of personal preparation verified by an Evaluation Committee in accordance with the procedures defined in the degree programme's Didactic Regulation (A.Y. 2025/2026).

Admission to the Master's degree programme in Economics and Technologies for Sustainability requires a bachelor's degree (or three-year university diploma).
Once the curricular requirements have been verified, admission to the Master's degree programme is conditional on the assessment of the adequacy of personal preparation, which will be carried out through an admission interview.

2.1 Entry Requirements

Admission to the Master's Degree Programme in Economics and Technologies for Sustainability requires a bachelor's degree in one of the following classes (former DM 270/04 or former DM 509/99):

- Economics and Business Management (Class L-18 or Class 17);
- Environmental and Nature Sciences and Technologies (Class L-32 or Class 27);
- Economics (Class L-33 or Class 28).

Applicants who have obtained a degree in a different class are required to have at least 36 CFUs in the following academic disciplines (i.e. SSD or settori scientifico-disciplinari): SECS-P/01, SECS-P/06, SECS-P/08, SECS-S/01, GEO/04, GEO/05, GEO/09; BIO/01, BIO/05, BIO/07, CHIM/03, CHIM/06.
<u>At least 18 CFUs in SECS-P/01, SECS-P/06, SECS-P/08 and/or SECS-S/01 must be achieved</u>.

The assessment interview of the candidate's personal preparation will be conducted in English and will cover the following topics:
- Basic theories and concepts of Microeconomics, Macroeconomics, and Business Accounting;
- Basic theories and concepts of Ecology, including Ecosystems, the Biogeochemical Cycle, Population Dynamics, r/K Strategies, Autoecology, and Synecology;
- Basic theories and concepts of Biology, including Biological Resources, Biodiversity, the concept of Species, and elements of the history of life on earth;
- Basic theories and concepts of Chemistry, including Material Classification, the periodic table and periodicity of element properties, Chemical Bonds, Chemical Equilibrium, Acids and Bases, Carbon Reactivity;
- Basic theories and concepts of Geology, related to climate phenomena and georesources.

Candidates may address any eventual gaps using the recommended readings [available here](#).

Since the Master's Degree Program in Economics and Technologies for Sustainability is **highly interdisciplinary**, the Evaluation Committee's questions are not only meant to assess how well candidates are prepared in their field of study at the bachelor's level, but also to **test their flexibility** and how well they can answer questions on topics outside the scope of their bachelor's degree, **using their general knowledge**.

PLEASE NOTE: CFUs (i.e. ETCS) gained with single course exams not corresponding to compulsory teaching activities in the Master's Degree Programme in Economics and Technologies for Sustainability can also be counted to reach the required CFUs for admission. However, these exams cannot be applied for the purpose of shortening the Master's Degree Programme. Single course CFUs that constitute compulsory activities in Economics and Technologies for Sustainability are not counted for the achievement of CFUs required for admission, and may be recognised after enrolment.
