Short Bio

I'm Lorenzo Gagliardi, a post-doc at the DPSS (University of Padua), researching judgment and decision-making. I got my Ph.D. at University of Insubria, where I studied the role of cognitive biases in conspiracy beliefs. I am part of the Managing Committee of IAREP and the founder of the science communication project "Non è la Zebra".

Current Positions

Feb, 2024 – ongoing **Post-doc Research Fellow** **University of Padua, Italy**
Working as a post-doc researcher at the Department of Developmental Psychology and Socialization at the University of Padua and as an active member of the Judgment and Decision-Making Lab. I am working on misinformation for the project "Psychologically-tailored approaches to Debunk Fake News detected automatically by an innovative artificial intelligence approach".

Nov, 2024 – ongoing **DMS for Managing Committee** **IAREP, UK**
Working as the Digital Media Specialist and as part of the Managing Committee at the International Association for Research in Economic Psychology (IAREP). Together with the Committee, I am responsible for the general conduct of the matters of the Association. My duties are specifically related to the management of media outlets of the Association, promotion of its scientific activities, conference organization.

Ongoing **Adjunct Professor**
Currently working as an adjunct professor the following courses (more details in teaching experience):

- Psychology of Economic Behavior and Consumption - University of Milano-Bicocca (Fall 2025)
- Making Decisions - Ca' Foscari University of Venice (Spring 2025)
- Information and Web Communication Sciences - University of Milan (Spring 2025)
- Cognitive Biases in Media and Marketing - University of Insubria (Fall 2024)

Jan, 2025 – present **Lab Manager** **University of Padua, Italy**
Working as the Lab Manager of the Judgment and Decision-making Lab at University of Padua. (JDM Lab). My duties are related to the management of the laboratory's activities and the coordination of the different teams within the lab.

March, 2022 – ongoing **Scientific Communicator** **Non è la Zebra**
Working as a scientific communicator for the project I founded "Non è la Zebra", which explores behavioral sciences both on social media (i.e., Instagram) and through live events (e.g., science festivals, conferences). I also do influencer marketing activities for Italian publishing companies (e.g., Raffaello Cortina Editore), consulting and communication activities for institutions (e.g., Università degli Studi Milano-Bicocca) and writing activities and live events (e.g., Federchimica).

Apr, 2018 – ongoing **Social Media Manager** **Pellegrini Editore, Italy**
Working as the social media manager for the publishing company "Luigi Pellegrini Editore". My duties relate to the management of social media outlets, organization of literary contests and live events.

Profiles

Languages

Italian (Mother Tongue)

English (CAE - C1)

Memberships

I am currently member of the JDM Lab (University of Padua) and of the Insubria Experimental Economics (University of Insubria).

Education

Postgraduate Studies

- 2020 – 2024 **Ph.D. in Methods and Models for Economic Decisions** University of Insubria, Italy
Title: On the cognitive foundations of conspiracy beliefs.
Supervisors: Prof. Astrid Gamba
Grade: Excellent - Magna cum Laude
Fields: Judgment and Decision-making, Experimental and Behavioral Economics (SECS-P/01; M-PSI/01)
- 2018 – 2020 **M.Sc. in Trade and Consumer Marketing** University of Parma, Italy
Title: The influence of price on expected efficacy of homeopathic remedies as an antecedent of placebo effect.
Supervisors: Prof. Silvia Bellini
Grade: 110 Magna cum Laude

Undergraduate Study

- 2014 – 2018 **B.Sc. in Economics and Business Management** University of Calabria, Italy
Title: Meaning transfer in consumer goods
Supervisors: Prof. Gaetano Miceli
Grade: 99
- 2014 – 2018 **Classical High School Diploma** Liceo Classico "B. Telesio", Italy
Grade: 100

Other Training

- Jan 2025 **Online Large Language Models Text Classification Workshop** Virtual
Training on running text classifications with LLMs, organized by University of East Anglia.
- June 2024 **3rd Lake Como Summer School in Philosophy of Economics** Como, Italy
Training on economic methodology and philosophy of economics.
- Jun 2023 **Early Career Researcher Workshop IAREP-SABE 2023** Nice, France
Training on research in economic psychology and experimental economics.
- Sep 2022 **2nd Training Course for Academic Tutors** Como, Italy
Training on academic tutorship.
- Jun 2022 **2nd Lake Como Summer School on Economic Behaviours** Como, Italy
Training on economic methodology and philosophy of economics.
- Nov 2021 **Workshop on Behavioral Ecology and Conservation** Varese, Italy
Training on behavioral ecology and conservation, held by Prof. John Koprowski (University of Wyoming).
- Sep 2021 **49th Course of the International School of Ethology "Danilo Mainardi" on The evolution of personality in animals and humans** Erice, Italy
Training on evolutionary psychology and behavioral ecology.
- Apr 2021 **Training Course in Scientific Communication** Virtual
Training on scientific communication, organized by the association Eticscienza.
- Apr 2021 **1st Training Course for Academic Tutors** Como, Italy
Training on academic tutorship.
- Feb 2021 **Webinar "Aspettando Darwin. Dall'origine della specie alla moderna genetica umana"** Virtual
Training on human genetics and evolutionary biology, held by Prof. Guido Barbujani (University of Ferrara).
- Sep 2020 **Online Course on Scientific Writing and Publishing** Ecole Polytechnique, France
Training on how to write and publish a scientific paper, with final exam.
- May 2020 **Online Course on Social Psychology** Wesleyan University, US
Training on social psychology, with final exam passed with honors.

Teaching Experience

Science Communication

Founder of Non è la Zebra

A scientific communication, Instagram-based project. Topics include behavioral sciences, judgment and decision-making, anomalous psychology. We also engage in public speaking during science festivals and other cultural events, covering topics such as the role of cognitive biases in consumer behavior, conspiracism, superstition, climate change skepticism and so on. We also do influencer marketing activities for Italian publishing companies (e.g., Raffaello Cortina Editore, Bollati Boringhieri), consulting and communication activities for institutions (e.g., Università degli Studi Milano-Bicocca) and writing activities and live events (e.g., Federchimica).
