

From Designed Molecular Space to Unveiled Hidden Order:

Developing the Next Generation of Smart Materials

Oct 7, 2026

10:00 AM

Auditorium G. Martinotti
U12 - Building
University of Milano-Bicocca

Welcome & Opening Remarks

Prof. Marco Emilio Orlandi, Rector of University of Milan-Bicocca

Keynote Talk 1: "Designing Molecular Space: From MOFs to a Better Future"

Prof. Susumu Kitagawa

(Kyoto University, 2025 Nobel Laureate in Chemistry)

Keynote Talk 2: "Hunting for Hidden Order"

Prof. Nicola Spaldin

(ETH Zürich, Vice President of the European Research Council, ERC)

ERC Special Session: "How the ERC Works (and How to Get a Grant)"

Presented by **Prof. Nicola Spaldin**

Registration form

Within the "Breakthroughs in Materials Science" Seminar Series
(Coordinator: Prof. S. Picozzi, Department of Materials Science)
