

## EUROPA – UNITA NELLA DIVERSITÀ

On this date, we celebrate the anniversary of the famous Schumann declaration. During a speech in Paris, in 1950, the then Foreign Minister of France, Robert Schumann, proposed the idea of a new form of political cooperation in Europe, already theorized by Einaudi in 1941, which would make a war among the European Nations unthinkable.

With this event, we want to celebrate TOGETHER the birth and the carry-over of this beautiful idea, which is the European Union; emphasizing innovation, creativity and uniqueness, which give all the citizens the strength to overcome every difficulty. We hope that this dream of freedom and UNION will become a concrete and tangible reality for EVERYONE.

We'll now introduce you to our guest speakers (in order of appearance):

### **Cos'è l'Europa?**

#### **COSTANZA HONORATI**

Full Professor of "European Union Law" at the Università degli studi di Milano-Bicocca, where she is also holder of the course of Private International Law. She's member of the "expert group" for the revision of the Regulation n. 2201/2003 in the field of the family law (c.d. Bruxelles II-bis), established by the European Commission to follow the legislative process. She is part fo the Italian delegation following the regulatory process at the EU.

She is rapporteur at different national and international conferences, regarding the topics of Private International European Law and protection of minors. She has been collaborating with foreign Universities and Research Centres (London, Aberdeen, Bonn, Barcellona, Zagabria, Anversa) about scientific projects concerning the discipline of the international abduction of children and in general the themes of the protection of minors.

CV

CV

## **VIDEO INITIATIVES**

### **A United Europe in 2018**

What does Europe means nowadays? Which is Europe's added value for young people? Our students from different parts of the world speak to us about what living in Europe means for them. The barriers are out and we get to meet new cultures every day. How we live diversity and how we experience living abroad changes our point of view about the world and help us to make a positive impact in the present.

### **Tell your Story – Living the International Spirit**

To the ones who have never left, Erasmus can look like a frightening experience. The idea of leaving home, friends and routine to enter a completely different context could deter the ones who encounter this opportunity.

Instead, the ones coming back from their Erasmus experience tell us quite the opposite: participants will present their view of this Programme and they will express their feelings and thoughts concerning this wonderful opportunity of growth, not only academic but also and overall interior and social.

Erasmus is another initiative that is and has been able to keep Europe united and to create networks between people geographically distant from each other, but still European.

## **OUR PARTNERS**

### **iBicocca**

iBicocca is a project aiming to improve the enterprising, innovative and business side of the students through workshops and events, inviting field experts, managers and successful entrepreneurs to talk to the students. iBicocca also has a help desk for students with a business idea. After receiving business notions by Nuvolab (our partner) the participant students have the opportunity to work in little teams to analyse the idea and to elaborate a business model, ecc

iBicocca wants to stimulate students to work with business spirit and skills to face job and personal challenges of the future.

Not only! iBicocca wants to enhance the awareness and the knowledge of the main topics and initiatives linked to the enterprenourship and to the Italian ecosystem of innovation.

### **ESN Milano Bicocca**

Erasmus Student Network (ESN) is the biggest no-profit student association in Europe, present in more than 430 Higher Education Institutions from 37 countries. The aim of the association is to support and develop study exchanges among students with the principle of "Students Helping Students". ESN's main focus is to help exchange students to feel at home in a new environment, offering an academic and social integration process. Trips, cultural and social events, movie nights, international food festivals and language projects are just few of the activities aimed at reaching this goal.

The reintegration process of homecoming students returning from their exchange is also a primary concern to ESN, as well as providing relevant information and encouraging Bicocca's students to gain international experiences.

**GaragErasmus  
Foundation**

GaragErasmus is a foundation as well as an ambitious project of social innovations. Its goal is to bring together a cool community of internationally minded people, who have had a professional or study experience abroad. Therefore, our community entails those who have enjoyed the fantastic experience of the Erasmus Programme (over 9 millions so far in Europe) and also those with other international experiences.

GaragErasmus is among the founders of the Erasmus Students and Alumni Association (ESAA), the first attempt of the European Commission to establish a platform that brings together the main players of the before, during and after of the Erasmus Programme. It takes care of the life after Erasmus and it is the only recognised platform by the European Commission to work on establishing the Erasmus generation professional network. In fact since 2016 once a person is finishing his/her Erasmus experience is also automatically invited to register on garagErasmus on-line platform through ESAA.
