FOCUS ON ERASMUS FOR STUDY

ERASMUS FOR STUDY

Erasmus for study is mainly meant to attend courses, but can include a period of curricular internship and the thesis research (please check terms and conditions on the call)

Specific requirements:

An average of 5 ECTS (cfu)/month to be acquired during the mobility.

Minimum 12 ECTS (total) to be entitled to the Erasmus grant.

To apply, a «**Progetto di mobilità**» must be submitted with up to 5 options for host universities, with a provisional study plan for each of them – see template at:

<https://www.unimib.it/internazionalizzazione/erasmus-studio/selezioni-erasmus-studio>

The Progetto di mobilità must be carefully thought , taking into account the real feasibility of an exchange experience by exploring the academic offer of the envisaged destinations and comparing it with the exams in your curriculum in terms of programmes and workload (ECTS).

An accurate, balanced study plan (total ECTS abroad vs. total ECTS in Bicocca) will give more chances to be selected.

ERASMUS FOR STUDY

A first screening of candidates will be made according to their academic career: number of examinations passed, average mark and ECTS

The Mobility Coordinators will then evaluate the «Progetto di mobilità» and can ask candidates to sit for an interview for further evaluation.

Students will be assigned a destination according to their position in the merit ranking («graduatoria») and have to accept (confirm) or decline it.

Students who refuse a destination they had chosen will not be entitled to any other option.

Destinations not accepted are reallocated if necessary (when the number of students admitted exceeds the places available for the specific course/Department).

The final «graduatoria» with the definitive destination will be published on 8th March, 2021

Students who should retire after 8th March, 2021 will be subject to a fine of € 200.
