Paul DE GRAUWE, London School of Economics

Discussants

Jakob DE HAAN, Professor, University of Groningen
Giulia IORI, City University London
Mark JENSEN, Federal Reserve Bank of Atlanta
Fabian ZULEEG, European Policy Centre

Discussion among participants

RAstaNEWS (Macro-Risk Assessment and Stabilization Policies with New Early Warning Signals) is the main EU-wide, 3-year project on monetary issues financed by the EU Commission in the context of the VII Framework Programme. The RAstaNEWS Consortium brings together 12 European Universities and Think tanks from 8 EU countries, sharing a common interest and expertise in economic and monetary aspects.

RAstaNEWS investigates many aspects of the future of macro-economic and monetary integration in Europe, paving the way to a revised governance of the EMU, and the EU as a whole, in the wake of the debt crisis. It also aims at developing new Early Warning Signals that could allow analysts and policymakers to address imbalances early on and, in so doing, try to prevent the future reoccurrence of financial crises.
